

Semi-Voice & Data  
Entry Campaign with  
Weekly Billing

# Overview

## Domestic Search Engine Semi-Voice and Data Entry

This campaign is one of the best in its kind. It is a strategic alliance to develop Data Refinery, Contact Discovery, Data Entry, Tele calling, Internet Research and, referrals analysis of various Contact Service programs for businesses in India.

Our Client is a Domestic Giant in offering helpline services like justdial.com and is inviting contact centres across PAN India locations to start working on minimum 5 FTEs to begin with ramp up to 15 FTEs to manage their online updation work.

Sign up : End Client in India
